**Sub: Intimation of generator failures in wind-mills installed by material wholly-owned subsidiary at Ghatia, Dist. Ujjain.**

**Ref: Disclosure pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

Dear Sir/Madam,

With reference to the captioned subject, kindly note that, generator failures have happened in two of seven wind-mills (of aggregate capacity 10.5 MW) installed by Ruchi Renewable Energy Private Limited (a material, wholly owned subsidiary of the Company) at Ghatia, Dist. Ujjain, during the first fortnight of May, 2025. It may result in approximately 20% of production loss during the months of May and June, 2025. While the assessed value of loss in generation may not be material, however, it alongwith cost of restoration may be material in terms of Regulation 30 of SEBI (LODR) Regulations, as applicable to the Company. The assessment of cost involved and feasible technical solutions are being explored for cost-effective and timely restoration which may complete in second fortnight of June, 2025. Part of restoration cost is covered under O&M agreement/Insurance Policy.

We also refer to our earlier disclosure dated 25<sup>th</sup> February, 2025 intimating the cable thefts incidents at certain windmills of the Company installed at Palsodi, Ratlam District in the state of Madhya Pradesh. The restoration of affected windmills is under process and may be complete in second quarter of financial year. In continuation and augmentation to earlier disclosure the rational assessment of loss in power generation due to such events has been Rs.1.42 crore till 30<sup>th</sup> April, 2025.

Kindly do take the above disclosure on your record and oblige.

**Thanking you,  
Yours sincerely,  
For Ruchi Infrastructure Limited**

**Narendra Shah  
Managing Director**
